"Slowly moves the Rock of Ages  
Slowly grows the forest king,  
Slowly to perfection cometh  
Every great and glorious thing."

We reproduce the following—The first Methodist of the Continental Congress, Peyton Randolph, was a Southerner. The man who wrote the first resolution that committed colonies to the idea of free and independent States, Richard Henry Lee, was a Southerner. The Declaration of Independence was written by Thomas Jefferson, a Southerner. The Declaration of Rights was written by George Mason, a Southerner. The Commander-in-Chief of the first army of the Revolution, George Washington, was a Southerner. The Commander-in-Chief of the Navy, James Nicholson, was a Southerner. The pen of John Marshall, a Southerner, welded the States into a Union. The Constitution of the United States was written by James Madison, a Southerner. The first Chief Justice of the Supreme Court of the U. S., Marshall and Taney, were Southerners. The first President of the U. S., George Washington, was a Southerner. The "Star Spangled Banner" was written by Francis Scott Key, a Southerner. James Monroe, author of the "Monroe Doctrine," was a Southerner.

Those who have heard Brother Cumming's discourses at the local M. E. church the past week have never listened to plainer, more appealing or forceful talks on the beauties and advantages of a Christian life. Again do we say this people are favored indeed by having for their leader such a man as Brother Cumming to set the example and to lead them into pleasant and safe pastures.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. ## County High School Opened Monday

The Fayette County High School opened its 1916-17 session last Monday with a full enrollment of pupils, there being a large number from over the county.

The faculty this year is composed of Prof. G. G. Foskett, principal, who is assisted in the high school department by Miss Lillian Ozier, Miss Diggs and Miss Euphemia Moore, and in the city school department there are Mrs. Lois Hobson, Misses Kate Higgs and Mat-Lee Farris, teacher of agriculture in high school Prof. W. O. Sharp. The faculty is the same as last year, except that one teacher less is engaged in the city school department, Miss Johnson, having been dropped from the faculty as the board announced last spring, for the purpose of cutting expenses to correspond with the income, and another change being the addition to the high school faculty of Prof. Sharp, teacher of agriculture, who comes as a graduate from the agricultural department of the state university.

The school has done excellent work in past years and its continued progress and well-being should interest every citizen who feels an interest in Somerville and Fayette county. A number of the patrons of the school were present at the opening Monday and the faculty hopes that they may be there often to show the teachers and children the good will that they feel for the progress of the school.

pedeza, crimson clover, bur clover, corn, cotton, etc. We certainly have a complete list of articles grown in the county and as a matter of county pride we should set out today to get together in every community in the county a lot of these things to be sent to Somerville on the 22.

The same gentlemen in each district who were appointed last week to investigate and report as to what could be gotten up are asked now to take charge of the matter in their districts and get together such things as will be creditable. If every member of that committee will do his part Fayette county visitors to the fair will feel proud of the showing made. It will take some effort, let each do his part.

### The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

### Successful Farmers Institute

Jackson, Tenn. September 8, 1916—Emphasizing the need of more and better live stock on farms in West Tennessee, the fifteenth annual meeting of the West Tennessee Farmers' Institute closed its most successful session here today. Over thirty five hundred men, women, boys and girls attended the Convention. In the men's division alone, one thousand delegates registered and became, thru the registration and the payment of the annual fee of \$1.00 member of the Institute.

The sessions of the Institute were held on the State Experiment Farm in Convention Hall, a building owned by the farmers of West Tennessee, for the purpose of holding this annual meeting and other similar meetings thruout the year. During the three days of the Institute the delegates were given opportunity to visit the various fields, on which experiments are being carried out, and the barns now filled with representative pure bred live stock for West Tennessee.

Following the address given by Prof. Harry Clark of the University of Tennessee on "Tenant Farming," a special committee was appointed to investigate tenant farming in West Tennessee for the purpose of making recommendation toward improved agricultural conditions. This committee consists of Prof. Harry Clark, Chairman, Knoxville; George R. James, Memphis; W. N. McFadden, Oakland; F. M. McRee, Union City; H. A. Morgan, Knoxville; and one other member to be selected by this committee.

Resolutions were passed urging the Farm Loan Board to locate one of the Farm Loan Banks at Memphis.

Officers as elected for the men's work are: F. M. McRee, Union City, President; O. P. Lashlee, Camden, Vice President; H. S. Nichols, Jackson, Secretary.

Officers as elected for women's work are: Mrs. Jeannette T. Ellis, Dresden, President; Mrs. Bert Winfrey, Somerville, Vice President; Mrs. C. E. Campeell, Jackson, Secretary.

### A Vivid Contrast--

Exists between the old, clumsy, drenching method and the new easy Farris way of putting the medicine on the back of the horse's tongue by means of a medicine dropper which comes packed with the remedy. Farris' Colic Remedy is not an experiment. It cures colic. We are behind it and will refund your money if you do not get results. W. S. Shinault. 10-1

## County Democratic Committee Meets.

Last Monday afternoon the old county democratic committee met at the court house in accordance with the call of Chairman T. A. Crawford and declared elected the committeemen who qualified before the recent legislative primary and elected committeemen in the districts where no one qualified.

The new committee is composed of the following from the several districts as noted: First, W. S. Newby; second, J. B. Foote; third J. A. Johnson; fourth, W. H. Wilson; fifth, E. C. Boswell; sixth, W. O. Wilder; seventh, W. G. Shelton; eight, Stitt Matthews; ninth, W. S. Jamison; tenth, J. H. Knox; eleventh, L. F. Chambers; twelfth, J. J. Burnett Sr.; thirteenth, W. E. Franklin; fourteenth, T. A. Crawford; fifteenth, W. A. Glover. The following were elected central committeemen; J. P. Bowers, E. T. Henley, W. C. Reeves, C. A. Stainback, W. H. Johnson, C. R. Wirwa.

T. A. Crawford was re-elected chairman for the two-year term just beginning and J. P. Bowers was re-elected secretary.

Resolutions were passed indorsing W. R. Kinney of Haywood county, as the nominee of the party for state senator from the district composed of Fayette and Haywood counties. Also indorsing W. D. Scruggs of this county for secretary of state and all the nominees of the party for national, state and district offices.

The committee will find ample work to do from now until the November election if it undertakes, as it should do, to get voters interested in the election sufficient to bring them to the polls on that day to cast their votes for the party nominees. It may be that not every nominee is just the one we, or the committee, or other democrats would have chosen, but the party has a list of candidates headed by Woodrow Wilson, and coming down the line, Tom Rye, Gus Enloe, K. D. McKellar, Kinney and McRee, and they are all worthy the unanimous support of the democrats of Fayette county and we should bestir ourselves and get voters to the polls.

### Forget Your Aches

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. For strains or sprains, sore muscles or ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your druggist, 25c. 10-1
